

Name: _____

Date: _____

***Sputnik* Launched**

The paragraph below tells about a special date in October history. Can you find and mark ten errors in the paragraph? Look for errors of capitalization, punctuation, spelling, and grammar.

The first successful launch off a man-made satellite happened on October 4, 1957, That satellite, launched by the Soviet Union was named *Sputnik I*. The launch caused a renewed emphasis on the teaching of science in america. The satellite, which weighed 184 pound took off from the soviets' Tyuratam launch site. Though it was active for just 21 days, *Sputnik I* mark the beginning of the Space Age and exploration beyond planet earth.
