# PENGUINS AROUND THE WORLD

**Directions:** Look at the slide show at the Web site provided to learn about penguins. Then read the sentences below. Each sentence contains two bold words. Only one word correctly completes the sentence. Circle the correct word.

## Web Resources:

Penguins Around the World Slide Show

<http://www.siec.k12.in.us/~west/proj/penguins/slide3.html>

1. Penguins are **birds/mammals**.
2. Penguins are covered with waterproof **fur/feathers**.
3. A penguin's **color/shape** helps it hide from its enemies.
4. A penguin chick knows its parents by their **sounds/faces**.
5. Penguins' **relatives/predators** include killer sharks, sea leopards, and killer whales.

**Something to Think About:** Penguins live in the wild only south of the equator. No penguins live in Earth's northern hemisphere. On what four continents would you find penguins living in the wild?

**Learn More:** Read about penguin adaptations at

<http://www.siec.k12.in.us/~west/proj/penguins/activity3.html>. Then make a chart comparing penguins and flying birds.
