Pearls

The paragraph below tells about a special event in June. Can you find and mark ten errors in the paragraph? You might look for errors of capitalization, punctuation, spelling, or grammar.

If you was born in June, your birthstone is the perl. Pearls is found in clams and oysters. However, in ancient Greece, people thought pearls come from Aphrodites tears. These transluscent gems are typically milkie white or cream, but they can also came in lavender, green black, blue, and silver. It all depend on the oyster or clam the pearl came from and the environment in which it was produced.
