## A Week Without Tech

What piece of technology would be hardest to live without? Imagine going a week without this technology. If you didn't have it, what would you have to do differently? How would this make you feel?

|      |
|      |
|      |

## Try These Ideas:

- Without your favorite technology, what extra work would you have to do?
- Describe how your relationships might change without the technology.
- Would anything positive happen as a result of losing the technology?
