Louis Braille

The paragraph below tells about a famous person born in January. Can you find and mark ten errors in the paragraph? You might look for errors of capitalization, punctuation, spelling, or grammar.

Louis Braille was born in France on January 4, 1809. He was blinded in an accident when he was a small boy. When Louis was just 15 years old, he invented Braille. People who are blind or cannot see use Braille to read special letters on a page by feeling them with their fingers. Now, almost two hundred years later, Braille can be used with Computers.
