

Sum of the Square #1 **Name** _____

_____ Add to find the sum of the numbers above the square

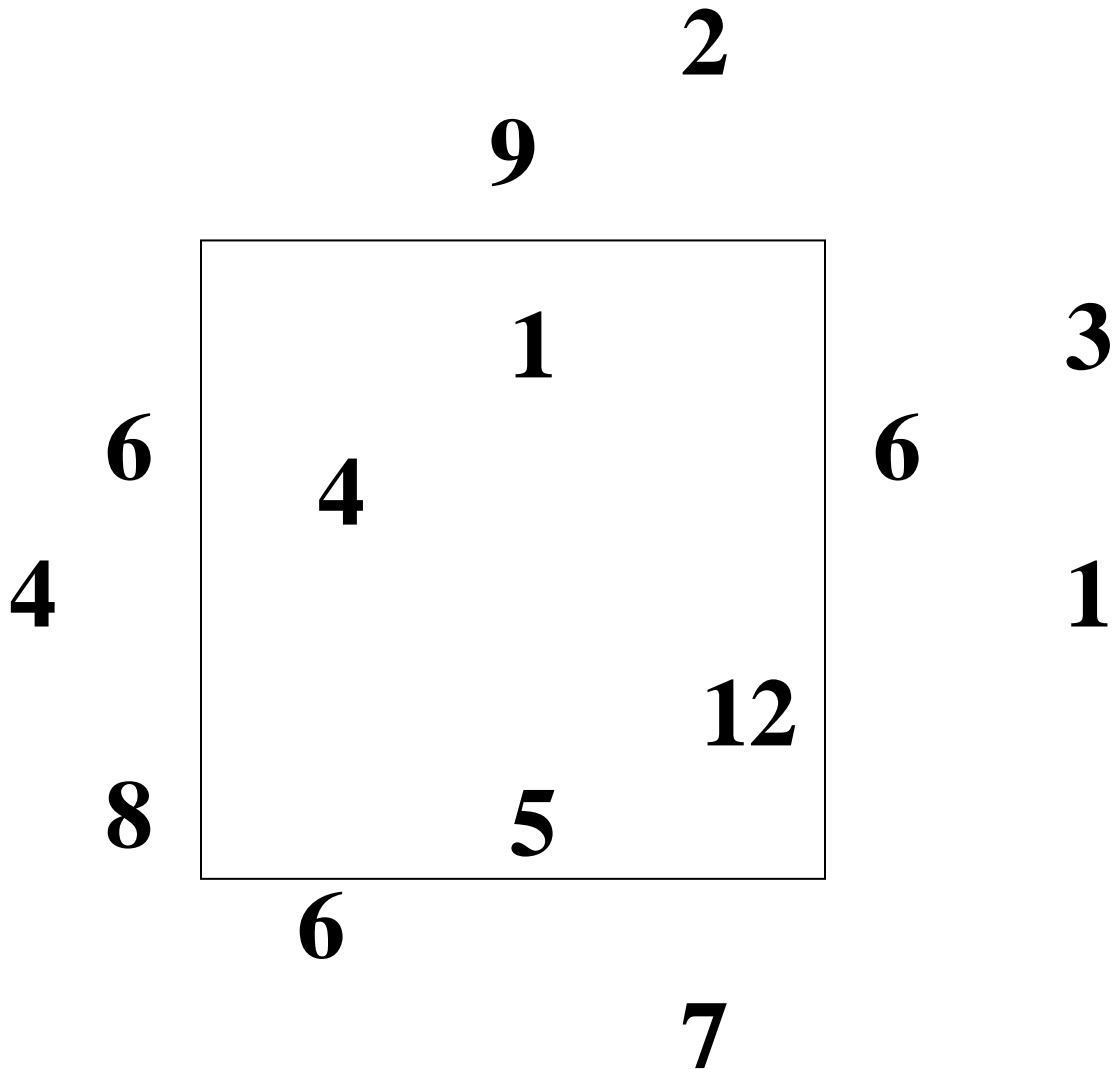

_____ Add to find the sum of the numbers below the square

_____ Add to find the sum of the numbers to the right of the square

_____ Add to find the sum of the numbers to the left of the square

_____ Add to find the sum of the numbers inside the square

_____ Add to find the sum of the entire square

Sum of the Square #2 **Name** _____

_____ Add to find the sum of the numbers above the square

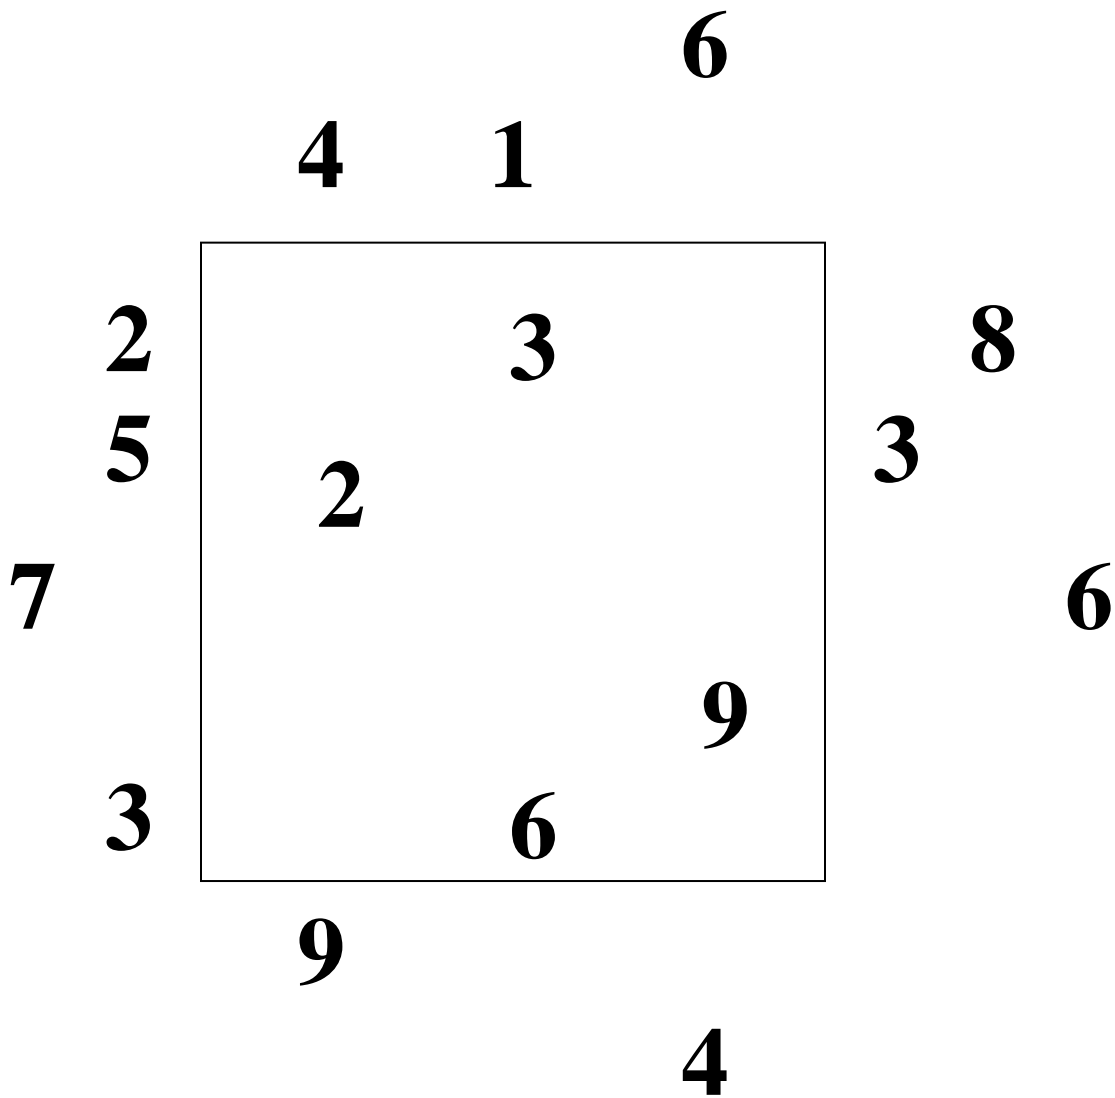

_____ Add to find the sum of the numbers below the square

_____ Add to find the sum of the numbers to the right of the square

_____ Add to find the sum of the numbers to the left of the square

_____ Add to find the sum of the numbers inside the square

_____ Add to find the sum of the entire square

Sum of the Square #3 **Name** _____

_____ Add to find the sum of the numbers above the square

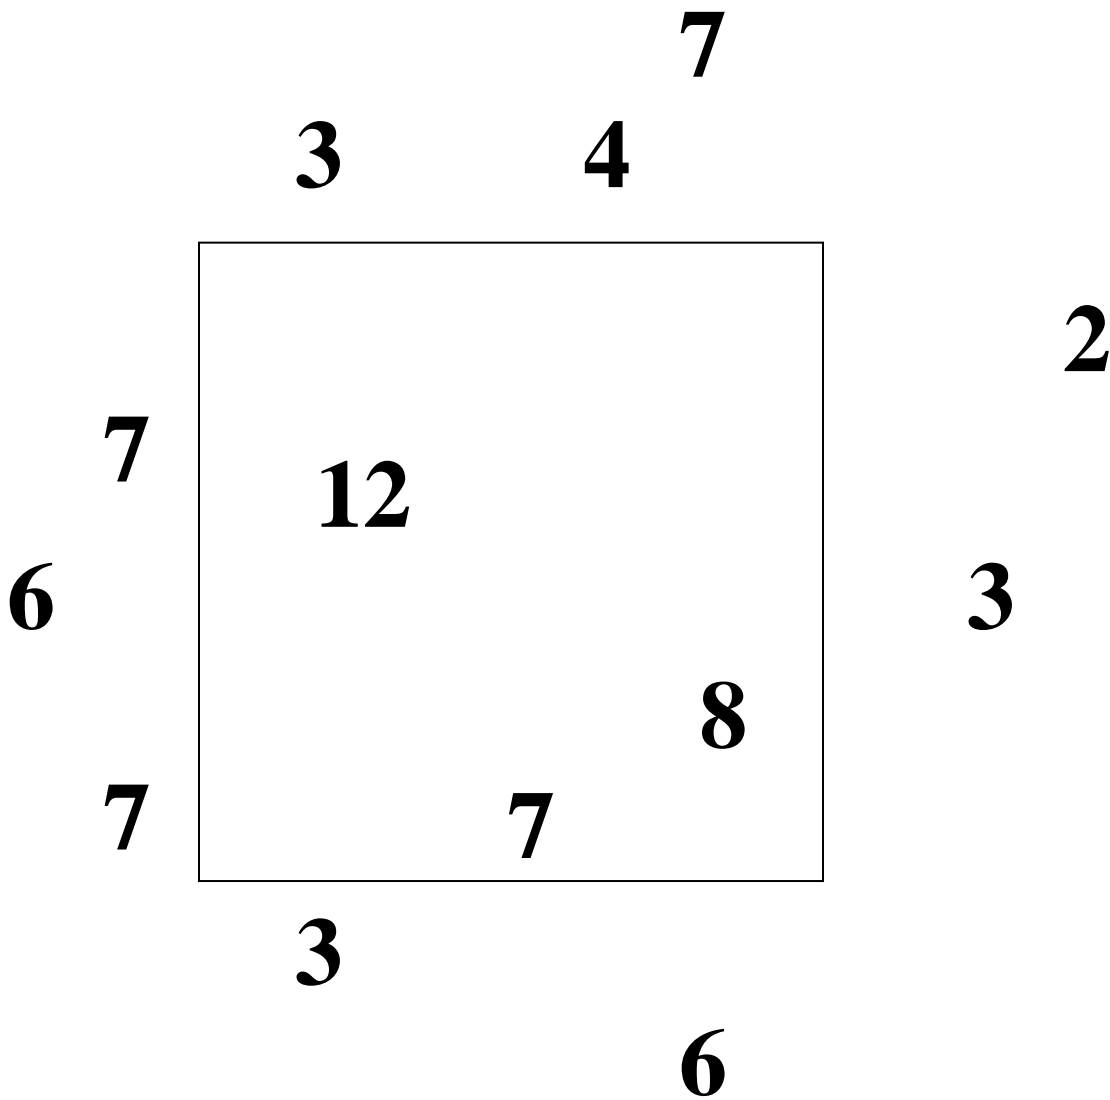

_____ Add to find the sum of the numbers below the square

_____ Add to find the sum of the numbers to the right of the square

_____ Add to find the sum of the numbers to the left of the square

_____ Add to find the sum of the numbers inside the square

_____ Add to find the sum of the entire square

Sum of the Square #4 **Name** _____

_____ Add to find the sum of the numbers above the square

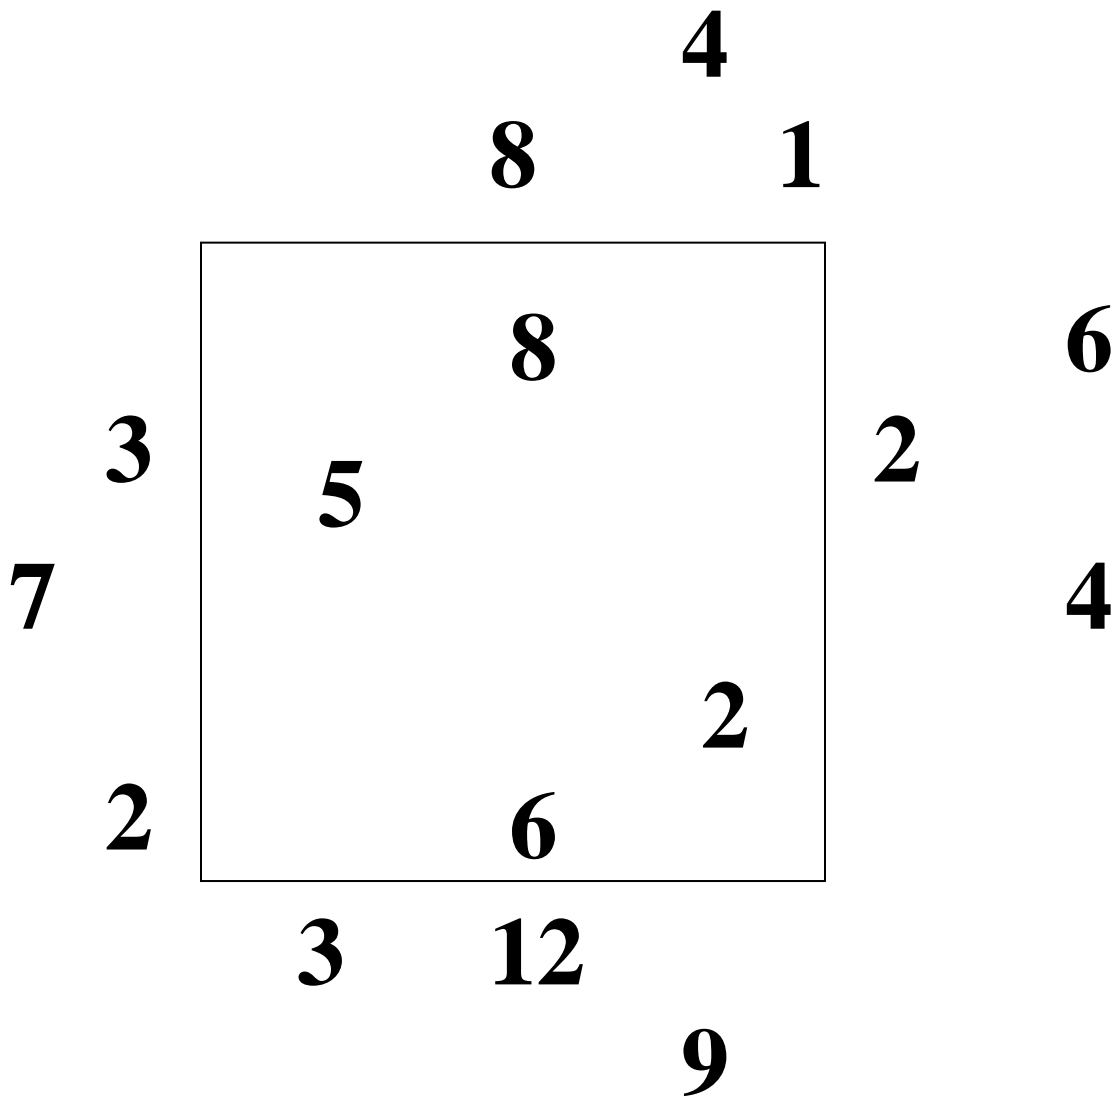

_____ Add to find the sum of the numbers below the square

_____ Add to find the sum of the numbers to the right of the square

_____ Add to find the sum of the numbers to the left of the square

_____ Add to find the sum of the numbers inside the square

_____ Add to find the sum of the entire square

Sum of the Square #5 **Name** _____

_____ Add to find the sum of the numbers above the square

_____ Add to find the sum of the numbers below the square

_____ Add to find the sum of the numbers to the right of the square

_____ Add to find the sum of the numbers to the left of the square

_____ Add to find the sum of the numbers inside the square

_____ Add to find the sum of the entire square
