

Name: _____

Date: _____

Mount St. Helens

The paragraph below tells about a special date in May history. Can you find and mark ten errors in the paragraph? You might look for errors of capitalization, punctuation, spelling, or grammar.

On the morning of May 18, 1980 Mount Saint Helens erupted. Steam and ash flew 11 miles into the air from the volcanic mountain in Washington. Struck by an earthquake that measured 5.1 on the Richter scale, part of the mountain collapsed in an avalanche. All most 230 square miles of forest were destroyed as it fell over the area and beyond. Scientists still watch the volcano for signs of another major eruption.
