

ALGEBRA, EXPONENTS, AND USING FORMULAS

- 73.** Based on the numbers below, determine what number should replace the question mark.

4	9	11
6	8	12
13	16	27
19	26	43
23	7	28
31	47	?

- 74.** What does the ? represent in the mystery wheel below?

ALGEBRA, EXPONENTS, AND USING FORMULAS

ANSWERS

- 73.** 76. First numbers in third column = number in first column + number in second column – 2. $31 + 47 - 2 = 76$.
- 74.** J. The numbers represent the letters in the alphabet. 10 is opposite the ?; therefore, you are looking for the 10th letter in the alphabet.
