

I stick out of your face,  
And I end with an E;  
But if you have a cold,  
You won't smell much with me.

What am I? .....

I love to eat carrots,  
And I end with a T;  
I'm so soft and fluffy,  
You love to cuddle me.

What am I? .....

A fruit of red or green,  
And I start with a G;  
You'll find me on a vine,  
With more bunches like me.

What am I? .....

I stick out of your face,  
And I end with an E;  
But if you have a cold,  
You won't smell much with me.

What am I? .....**nose**.....

I love to eat carrots,  
And I end with a T;  
I'm so soft and fluffy,  
You love to cuddle me.

What am I? .....**rabbit**.....

A fruit of red or green,  
And I start with a G;  
You'll find me on a vine,  
With more bunches like me.

What am I? .....**grapes**.....
