

With beef I make a burger,
My floor is at the bottom;
Where falling leaves are headed,
When summer turns to autumn.

What am I?

I'm what an acorn does,
A mighty oak to be;
The opposite of shrinks,
The answer, do you see?

What am I?

If the split is equal,
Then both kids will get me;
I'm more than a quarter,
But less than whole, you see?

What am I?

With beef I make a burger,
My floor is at the bottom;
Where falling leaves are headed,
When summer turns to autumn.

What am I?ground.....

I'm what an acorn does,
A mighty oak to be;
The opposite of shrinks,
The answer, do you see?

What am I?grows.....

If the split is equal,
Then both kids will get me;
I'm more than a quarter,
But less than whole, you see?

What am I?half.....
