A Summer Away

This summer, you are going to fly across the country to spend a month with a friend's family. You can only have room in your suitcase to take three small items that will help make you feel at home. What would you take? Why would you take those items?

If you run out of room above, use the back of this page or get another sheet of paper.

I don't mean to "bug" you, but you might

- list ten items that are important to you.
- put a checkmark next to the three items that are most important to you.
- think about the reasons those items are important to you.
