Name: _____

A New Video Game

You have been asked to design a new video game for kids. What kind of game would you create?

If you run out of room above, use the back of this page or get another sheet of paper.

I don't mean to "bug" you, but you might…

- think about the features you would most like to see in a game.
- think about a video game that is different from any game you have played.
- think up a great name for your game and describe how the game works.
