

# Web Pages Project Handout #12

## Checklist for your Web Project

The following is a list of the 50+ web pages that will make up the final content of your web site. Use this list to check that you have completed everything required for this Web project. The highlighted (**boldfaced**) items are the hyperlinks in your Navigation Bar.

**BEFORE** you write to your instructor indicating that you think you are done with your final, completed Web Page project, please check off each of the items below when you are sure you have completed them correctly as per the instructions in the various handouts prepared to help you with the project—including an appropriate **Title** for every single web page.
