

Determination Matching

Draw a line from what the person wanted to do and match it to how the person was able to do what they wanted.

Sarah wants to wear her favorite dress to school. Sarah's mom tells her that the dress is not appropriate for school and she doesn't want Sarah getting it dirty.

Marcus wants to play baseball and soccer. His parents say that he will not have enough time to get his homework done and play both sports.

Burt wants to ride his bike down to his friend's house. His parents tell him that they are worried that he will not be safe.

Francesca really wants to get a pet cat. Her parents do not want to get a pet because they do not want to end up taking care of it.

Adam wants to get a new toy. His parents tell him that it is too expensive and they do not want to buy it for him.

___ tells his parents that he will come right home from school and do his homework before doing anything else.

___ tells her parents that she will feed the cat every day and make sure that it has fresh water. She shows her parents that she is responsible by taking care of the chores that she has around the house without being reminded.

___ tells her mom that she has music today and she won't be running around. She tells her mom that she will just swing at recess and make sure her dress stays clean.

___ tells his parents that he is going to save all of his allowance so that he can afford to buy the toy that he wants.

___ tells his parents that they can watch him practice riding his bike up and down the street so that they can see that he is safe.
