

# Healthy Analogies

**Directions:** Look at the two words that are given. How are they alike? Find their relationship to each other. Use that relationship to find the word in the box that will complete the analogy.

exhale	dairy	<del>engine</del>	vegetable
touch	saliva	esophagus	digestive
blood			

**Example:** body systems is to human as engine is to truck

**Reasoning:** Body systems keep a human going. An engine keeps a truck running.
