

# Tiger

Week 1: Wednesday

Reading

**Directions:** Read the following paragraph. Then, identify the main idea, and write two supporting details. Write them in the graphic organizer below.

Tiger was the funniest cat we have ever had. He was the first cat to start drinking from our fish aquarium. I would laugh so hard every time I saw Tiger perched up on the fish aquarium, lapping up water from the water filter system! He never bothered the fish; he just loved to drink their water! Another funny thing that Tiger did was drink from the dog's bath water. Whenever we would be giving the dog a bath, Tiger would waltz over and start lapping up water from the tub. I don't think the dog appreciated that, but we sure thought it was funny! Tiger was definitely a very funny cat.
