

Writing Bug

Name: _____

Spring is Here

Where you live, what happens when the season turns to spring? Does the temperature change? Do plants grow and bloom? Does it rain more, or less?

Try These Ideas:

- Describe 3 things outside that look different in spring than they did in winter.
- Tell about your favorite plant. How does it look, feel and smell in spring?
- Describe spring weather where you live. Is it warm? Sunny? Windy? Rainy?
